FYI – based on the end-of-year meeting, I think Land Div would suggest that DTSC is making real progress in correcting deficiencies (in particular in their permit program), and improving enforcement activities at the most significant RCRA-permitted facilities.

Our Regional focus and collaboration with Keith and his staff is also contributing to improving overall enforcement program performance. Let us know if you have any specific questions or concerns to discuss next week.

Subject: DTSC FY15 EOY Report

Hello Team California-

Attached is California's EOY report for FY15.

Liaisons and Managers- **Please review your pertinent sections of the report and submit any comments to me by COB Friday, September 11th.** We have our quarterly meeting with DTSC managers scheduled for September 30th and we need to be able to address any disagreements/ edits we would like to see in the report at that time. Additionally, we will shortly need to compile our EOY response to DTSC. I will send another email about this shortly but am aiming to have draft reports from liaisons by the end of September.

Please let me know if you have any questions.

Kelly
